## PROJECTS

**Mini Internet Project** – Georgia Institute of Technology

- Developed and configured a **practice-based networking system** with 20+ Autonomous Systems, applying **BGP and OSPF routing**.
- Implemented **valley-free routing policies** and defend against simulated attacks.
- Demonstrated adaptability by learning and applying complex networking protocols in a real-world setting.

**Budgetize Web App** – Personal Project

- Built a **full-stack web application** with React, TailwindCSS, NodeJS, and ExpressJS to help users compare grocery prices.
- Automated data collection using **Puppeteer and APIs**, showing strong **technical aptitude** and ability to learn new tools quickly.

**Android Game** – Georgia Institute of Technology

- Collaborated in a **6-person team** to design a multi-game Android app in **Java/XML**.
- Agile (Scrum), Test-driven development (**JUnit**), and **MVC principles**, simulating a client project environment.
- Strengthened communication and teamwork skills while delivering high-quality software within deadlines.

## LEADERSHIP EXPERIENCE

**Georgia Tech Global Media Festival – Assistant Coordinator**

- Coordinated logistics for 10+ events and managed **\$15,000+ sponsorship funds** with strong attention to detail.
- Built digital marketing materials in **Figma and WordPress**, applying technical creativity to client-facing outreach.
- Partnered with sponsors, vendors, and media organizations, demonstrating **consultant-style communication skills**.

**Georgia Tech French Club – Vice President & Financial Officer**

- Increased active membership by 30% through promotion, social media, and event planning.
- Strengthened leadership, collaboration, and organizational skills by fostering cross-cultural community.

**North Campus Housing Office – Office Assistant**

- Supported a 200-room residence hall serving **1000+ residents daily**.
- Applied communication, problem-solving, and client-service skills in a fast-paced office environment.

**Turkish and Syrian Earthquake Relief Fundraiser – Volunteer**

- Helped organize a grassroots fundraiser that raised **\$20,000+** in disaster relief.
- Demonstrated teamwork, adaptability, and mission-driven leadership.

## SKILLS

**Programming & Technical Skills:** Python, Java, JavaScript/TypeScript, C, SQL, HTML, CSS, ReactJS, TailwindCSS, NodeJS, ExpressJS, Git, Linux

**Software Development Practices:** Agile, Scrum, Waterfall, Test-driven Development, HCI, UI/UX Design, MVC

**Spoken Languages:** Native English & Turkish; Advanced French & Azerbaijani; Elementary Russian
